

Annual Conference

Elevating School Nursing Practice: Health, Advocacy, and Impact

Join us for *Elevating School Nursing Practice: Health, Advocacy, and Impact*, a dynamic conference designed to empower school nurses with the knowledge, skills, and resources needed to enhance student health outcomes. This event will feature expert-led sessions on evidence-based practices, policy advocacy, and innovative strategies that strengthen the role of school nurses as healthcare leaders. Participants will explore critical topics such as mental health, chronic disease management, health equity, and emergency preparedness, all while networking with peers and industry professionals.

Together, we will advance school nursing practice, advocate for policies that support student well-being, and maximize our impact on school communities. Don't miss this opportunity to elevate your practice and drive meaningful change!
