

## Program Objectives

To enhance knowledge base in order to promote and provide holistic care to critically ill patients and their families. To encourage critical thinking and share learning experiences among healthcare providers across the continuum of critical care. To seek new insights that bring positive changes to our workplace through evidence-based practice.

**6.5 CEs for conference. Optional CEs for self-directed learning modules may be available. CEs awarded by Florida Board of Nursing No. FB5026726.**
