

CTX ENA

Bi-Monthly Meeting

RSVP By
June 5th

When: Tuesday, June 10th
Time: 6pm-8pm
Where: Cheeves Bros Steakhouse
E. Ave A, Temple, TX

SPACE IS LIMITED

i-STAT hs-TnI CARTRIDGE

WHEN EVERY
MINUTE MATTERS

Support rapid and accurate myocardial infarction (MI) diagnosis in <15 minutes with i-STAT® High Sensitivity Troponin-I (hs-TnI) at the bedside

Please join us for an evening with Abbott Point of Care to learn about their **new** mTBI test which uses whole blood to measure biomarkers associated with brain injury to assist in determining the need for CT scan. We will also learn how iSTAT testing can impact patient care at the bedside with their newly approved **hs-TnI**.

OBJECTIVELY
ASSESS MILD TBI
AT THE POINT OF CARE
