3<sup>rd</sup> Annual

## IU Health Ambulatory Clinical Conference

This conference aims to provide a platform for sharing knowledge, advancing professional practice and identifying ambulatory care resources for team members and leaders in a clinical setting. Due to last year's attendees feedback, the conference will focus heavily on workplace violence, professional development, healthcare advocacy, and healthy work environment.

Theme	Topic
Keynote Speakers	Keynote 1: Health in Indiana State
	Keynote 2: Workplace Violence Kit
	Keynote 3: Healthcare Advocacy
	Keynote 4: Personal Journey of Overcoming Post ICU Syndrome
Workplace Violence	In Office de-escalation strategies
	Telephonic de-escalation strategies
	Tools Available to Support Teams Before, During, and after event
Professional Development	Scope of care Task Allocation Overview
	GUILD/LinkedIn Learning
