

Please join us for

Preventing CAUTI infections using multi-modal infection strategies

Learning objectives:

- Review the impact and burden of CAUTIs
- Identify evidence-based guidelines for CAUTI prevention
- Recognize appropriate indications for the use of indwelling urinary catheters
- Identify alternatives to indwelling urinary catheters
- Explore bundled approaches and evidence-based strategies to reduce and prevent CAUTIs

When

Thursday, October 23, 2025
6:00 PM

Where

508 Crafthouse
508 Orapax St
Norfolk, VA
