

Pacific Northwest Nurses, your immediate action is urgently needed to support our community.

As we approach the end of the month, our local food banks will face unprecedented demand due to the suspension of SNAP benefits and federal employees not receiving paychecks. The need is critical and growing by the day.

The Mountain to Sound Chapter of AACN is calling on PNW Nurses to join forces and make a powerful, positive impact during this challenging time. We are extending our virtual food drive, which began at the symposium, and your participation is vital.

We ask you to step up and donate generously through the QR code below to NW Harvest. Every donation counts, and to amplify your contribution, our local critical care chapter will MATCH every dollar donated through Saturday, November 8, 2025.

PNW Nurses, the strength of our community depends on you. Let's stand together, lead by example, and make sure no one goes hungry. Please donate today!
