

Gaps to Outcomes: Making the Connection

Pam Dickerson, PhD, RN, NPDA-BC[®], FAAN

psd409@gmail.com

ANPD Webinar February 28, 2024

What do you know about identifying gaps and linking them to outcomes?

How can you increase your knowledge about linking gaps and outcomes?

How can developing incremental goals help in achieving departmental and organizational outcomes?

What steps can you take to facilitate logical progression of activity planning?

What key questions will help you analyze gaps in order to develop meaningful and measurable outcomes?

How can ANPD practice standards 1-6 help in linking gaps and outcomes?

How are ANPD practice standards 1-6 congruent with ANCC accreditation educational design criteria?

How can you use NPD practice judgment to link gaps and outcomes?

Given your role, how can you best leverage your knowledge to support your team in developing measurable outcomes that reflect narrowing or closure of practice gaps?

Write one strategy that will help you link gaps and outcomes when developing educational activities.
