

Letter from the WIACNS President

January 2026

Dear Wisconsin, Clinical Nurse Specialists:

Let me introduce myself – my name is **Joe Liggett**, and I am extremely excited to be your **2026 WIACNS President**.

My presidential theme is **“Stronger Together”**. I chose this theme because I believe there is incredible power in unity. According to the Wisconsin Center of Nursing (2022), there are 397 CNSs across the state of Wisconsin. When we all come together as CNSs, we amplify our impact, strengthen our voice, and achieve meaningful progress—not only for our profession but for the patients we serve. Together, we are capable of achieving more than any one of us could accomplish alone.

Let Us Connect

I want to hear from you! Your insights, ideas, and feedback are invaluable.

- What is working well?
- What could we be doing differently?
- What would you like to see from WIACNS?

Please feel free to reach out to me directly at joeligggett220@gmail.com.

WIACNS Bylaw Revision

This year, we will be revising the **WIACNS Bylaws** – and we need your input! Stay tuned as more information will be sent out.

ACT 17 and APRN-CNS

This is an exciting time for Wisconsin CNSs. With the signing of ACT 17 by Govener Evers in August last year, there is a lot of work by the Board of Nursing (BON), WNA and the APRN organizations (Maryann Moon is representing WIACNS) to put into place new rules that support title protection and full practice authority for APRNs. These are to go into effect September 1, 2026. More updates to follow.
