## President's Message

♥ President's Message – February

Dear Colleagues,

February is a month rich with many thoughts of the heart. As American Heart Month, it reminds us of the critical role we play in protecting cardiovascular health through evidence-based practice, assessment, and patient education. But February is also the month of love, and that gives us a chance to celebrate something just as important: the heart of nursing itself.

Every day in the perioperative setting, we bring not only clinical expertise but also compassion and human connection to our patients and colleagues. Long before a monitor displays a rhythm, we are already tending to the emotional pulse of those we care for, offering reassurance, advocating for safety, and creating an environment where healing can begin.

This month, as we spotlight heart health in our communities, I hope we also honor the heart we bring to our profession. The love of service, the love of teamwork, and the love of seeing a patient safely through their most vulnerable moments, these are the rhythms that define us.

Thank you for leading with skill, with courage, and with heart. Our patients feel it. Our teams feel it. And our profession is stronger because of it!

Kathy Bradley RN

## CNOR Review Prep Course \_16 CEU

### March 14-15, 2026

After you attend, you'll receive: 120 days of access to a recording of the class, an invitation to the virtual study group, and 200 practice questions to help you prepare for the exam.

**Early Registration by February 14, 2026**

#### CNOR Prep and Review Course

This two day course is designed to prepare perioperative nurses to take the CNOR exam and to demonstrate clinical competence and knowledge of practice standards.

#### Course Benefits:

The one thing that we are most proud to deliver as a part of this class is our personalized study plan. You'll leave this class having learned exactly how the writers of the exam go about creating the questions, where they go to source their information, and how you personally can best use that knowledge to study. In addition, you'll have taken seven tests over the two days of class that reflect the content and style of the exam to better give you a feel for what it's like to apply these skills in practice. After you attend, you'll have access to a recording of the class for 120 days and an additional 200 practice questions to help you prepare for the exam. If at any point you need any more help, do not hesitate to call or email!

The CNOR exam is a perioperative exam, covering preoperative, intraoperative, and postoperative nursing. Since many nurses specialize in only one of these areas, it is vital to understand the rationale behind the entire perioperative nursing process from start to finish. We will discuss several topics over the two days of class; all aspects of sterilization the safe administration of anesthesia, the nurse's role as a patient advocate, and the professional nurse's responsibilities both ethical and legal, all from the perspective of the perioperative nurse. The discussion of each topic that we present is carefully and consistently tailored to reflect the most up to date version of the exam. This class will help you develop not only the understanding that you will need to pass the exam, but also develop confidence and clinical competence in your own nursing practice.

This nursing continuing professional development activity was approved by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Free parking is available in front of the hospital. Enter #8 East Tower. Go past the information desk and turn left. Half way down the long hallway you'll turn right between two entrances towards the Kennedy Conference room. At the end of the narrow hallway turn right into the classroom.

This is an interactive course. You will complete six modules and take seven practice tests over the two days. After class, you will receive 16.0 ANCC approved contact hours and access to a recording of class for two months.

All required hand outs will be provided during class. It is not required for class but I recommend access to a good text book and the AORN Recommended Standards of practice aid your study.

You will learn during class how to focus your study and improve your areas of opportunity. I recommend you schedule your exam the month following The CNOR Prep and Review Course.

## IL Council of peri-Operative RNs \_ICORN

### ICORN Special Business Zoom Meeting Minutes

**Date: Jan 10, 2026, Saturday 10:15 AM**

Meeting called to order by: Chairperson Chic Duffy at 10:15 pm

#### **Attendees:**

1401 Tina Montanez

\*1402 Jamie Carver

1403 Marilyn Shigley

1410 Joyce Neff

1411 Chic Duffy

Meeting started @10:15.

#### **Minutes:**

- The ICORN meeting focused on reviewing past meeting minutes and approving revised chapter bylaws, which was successfully completed with quorum of four chapters (per bylaws) in attendance.
- Vendor Fair Feedback
  - They reviewed the success of a recent vendor fair, with the hosting Chapter 1411 receiving praise for organizing inspiring speakers. Marilyn expressed interest in having one of the speakers, for Mr. Duffy to present at a future chapter meeting, and Chic agreed to facilitate this connection.
  - Members were encouraged to tap into November's list of speakers or connect with vendors for their educational offers.
  - The CE's are good for 2 years from the time of application; hence, future chapter education requests do not have to pay for CE application.
- **State Nursing Initiatives Communication Challenges**
  - The group discussed concerns about lack of communication regarding state nursing initiatives, particularly regarding House Bill 1706 which aims to make Illinois a compact state. 1410 Joyce Neff shared her experience of trying to engage Becca and their state representative Kevin Schmidt about the bill, but received limited responses. They expressed frustration about the lack of representation from nursing organizations and the minimal notifications about important dates.
- **Nursing Advocacy and Political Engagement**
  - The group discussed upcoming events including: ANA's Nurses at the Springfield Capitol event on March 25th, 2026
  - The group discussed the need to increase awareness and involvement in nursing advocacy. Joyce shared her experience discovering the Nurses Day at the Capitol Springfield event through ANA's free continuing education units and emphasized the importance of staying informed about political issues affecting the nursing profession.

- Chic encouraged members:

1. To attend AORN's National Legislative Forum (NLF) held every 3rd Monday, explaining its relevance for nurses to engage in federal and local updates.
2. Join AORN's NLF Zoom Meeting \_Monday Feb 16, 2026 @6:30pm MT

(No January meeting)

<https://us02web.zoom.us/j/85340237621>

Meeting ID: 853 4023 7621

3. Participate in the NLF discussions led by Counselor Amy Young & Jennifer Pennock, AORN Associate Director Government Affairs.
4. Follow ANA through your chapter's Nursing Network platform:

<https://anaillinois.nursingnetwork.com/>

- The conversation ended with a discussion about current nursing challenges, including staffing shortages, burnout among bedside nurses, and the handling of ICE patients in hospitals. Though these topics were noted as being outside the scope of AORN's perioperative focus, these can be questions for AORN's NLF meeting.
