

## Save the Date! Medline Hosted Educational Dinner

Please join Medline in hosting an educational dinner program where we will discuss **HOB: Hospital Onset Bacteremia, The next frontier in hospital acquired infections**

- Understand the origins and HOB
- Detail why HOB is a quality measure
- Identify non-reportable sources of infection that can lead to sepsis
- Discuss the costs and prevention of HOB
- Understand the critical care nurse's role in HOB

**WHEN:** Wednesday March 4th

5:00PM – 7:00PM

**WHERE:** Life Sharing

7436 Mission Valley Rd, 92108

**HOSTS:** Marty MacKay

### Presented By:

**Kelli Peters, RN, VA-BC, BSN**  
Senior Clinical Solutions Specialist  
Medline Industries

Kelli Peters is a registered nurse with 27 years of hospital bedside experience including Critical Care, ER, Rapid Response Coordination and DIVA specialization. She has spent the past four years with Medline partnering with hospitals to develop and implement CLABSI prevention strategies as a clinician within the Clinical Kitting Division

**Please RSVP by February 28<sup>th</sup>  
to Marty MacKay**
