1:00 – 4:30 pm Wolters Kluwer Presents: Title: Brain-Based Learning to Support Student Engagement, Retention, and Socialization

(short break at 2:45 with coffee service)

Morning Session:

Presented by ATI: Creating a Culture for Retention of Faculty and Students in Nursing Education

3 hours / 2.5 Contact Hours

Presented by: Dr. Lindsay White, PhD, RN, CNE, SANE, is a nurse educator with more than 13 years of experience in nursing education, curriculum design, and faculty development. Her work focuses on strengthening clinical judgment and advancing active learning through evidence-based teaching strategies, technology integration, and research-driven methods.

Dr. White has designed learning activities, mentored learners, and led BSN curriculum mapping aligned with the AACN Essentials. Her research examines the development of clinical judgment in both classroom and simulation settings, and she has presented nationally on these topics. She has also chaired curriculum committees and contributed to initiatives that elevate nursing education standards.

Purpose:

This workshop discusses the challenges associated with retention of faculty and students in nursing academia and highlights strategies for creating a positive culture which cultivates well-being and professional growth among all members within the learning environment.

Program Learning Objectives - At the completion of this program attendees will be able to:

- Identify the challenges regarding retention of faculty and students in nursing academia.
- Emphasize the importance of recruiting individuals who align with the mission and values of the program.
- Discuss qualities associated with a cohesive faculty and student body to promote retention.
- Incorporate strategies to develop a sense of preparedness, belonging, and value amongst faculty and students.

Learner Disclosures:

Provider Statement: Assessment Technologies Institute, LLC (ATI Nursing Education) is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation

Criteria for Successful Completion: To obtain credit for this activity, the participants must:

- Attend 100% of the session
- Complete and submit the online evaluation
