

As an active chapter for over 51 years, GRAC is presenting its *Odyssey Conference* as an educational opportunity to meet the current learning needs of nurses involved in the care of acute and critically ill patients.

The theme of this year's conference is "*Act on Purpose*", focusing on lifting together and meet the needs of their teams, patients, and families.

Treat yourself to a day of learning and rejuvenating your nursing career with other RVA nurses!

**Come and register for the Odyssey Conference at the Westin Hotel on March 10, 2026!
Registration is open and on the website at vcu.cloud-cme**

Since supporting the community is one of GRAC's commitments, we invite attendees and GRAC members to donate to our friends at Safe Harbor to help victims of Human trafficking.

Consider donating by bringing items from the following list to the conference and dropping them at the Safe Harbor table.
