A Window of Hope

Thousands of patients travel to Indianapolis each year from across the state and from across the country for critical medical care. These patients and their families face tremendous challenges as they battle a serious illness while far from home. The Fair Haven lifts a burden for these families by providing them with a home-away-from-home. Their mission is sharing the love of Christ through gracious hospitality and compassionate support. Having a convenient and comfortable place to stay near the hospital means that seriously ill patients can get the life-saving care they need, and it means that families can be together when they need each other most. The name comes from the Mediterranean island of “Fair Havens,” where a storm-tossed ship once found refuge (Acts 27:8). That is truly the heart of Fair Haven’s mission: to bring hope to seriously ill patients and their families by providing them with a refuge in the storm and with the comfort of knowing that they are not alone. <https://fairhavenfoundation.org/about/>
