

Get to know the candidates:

Vice Presidents:

Evin Ehrreich, MSN, RN, CNOR, CNAMB

I am running for Vice President of AORN Chapter 1504 because I want to keep the momentum moving as we get our chapter back on track. I would be honored to support each of you in your professional development as a perioperative nurse through meaningful education, strong advocacy, and valuable networking. With thirteen years of perioperative nursing experience – including roles as a Staff Nurse, Assistant Center Manager, and now as an Educator – I have gained a broad perspective on our profession that has prepared me well for this role. In addition, through my service as a Board Member last year, I helped review and revise our Chapter 1504 Bylaws. This has given me essential insight into the chapter's leadership structure and responsibilities which has further equipped me to serve as Vice President.

If elected, I will focus on strengthening our chapter through continued membership growth and increased engagement. Achieving this begins with proactive planning. Providing members the ability to plan ahead for meetings, educational offerings, and networking opportunities will improve participation and overall satisfaction. One of my first priorities would be to

collaborate with Board members to develop a full year-long plan. Consistent, well-organized programming will enhance engagement and reinforce the impact of our profession. Additionally, I aim to increase the number of CNOR-certified nurses within our chapter and district by organizing certification review courses and ensuring our members have access to the resources and support needed to succeed.

Thank you for your consideration in electing me as Vice President of AORN Chapter 1504. I am excited about this opportunity and look forward to continuing to support the mission and purpose of our chapter for many years to come.

Jami Temple, RN, MSN, NE-BC, Certified Professional Coach

I am excited to run for Vice President of our AORN chapter and contribute energy, innovation, and momentum. I am passionate about strengthening collaboration, elevating our collective voice, and improving member engagement and attendance. I am committed to understanding our most pressing challenges and turning ideas into meaningful action. I look forward to learning, growing, and bringing strong leadership and execution to serve our chapter.

Board Members

Amy Fuller, MHA, BSN, CNOR

I am an experienced perioperative leader with over two decades of nursing specialization in Surgical and Procedural operations. My professional practice is driven by a commitment to operational excellence, rigorous patient safety standards, and strategic staff engagement. Dedicated to the advancement of perioperative nursing as I enter the later stages of my career, I am passionate about mentoring emerging leaders within the field.

I am fully committed to applying my comprehensive leadership and frontline operational insights to support the mission and expansion of the Chapter 1504 Association of periOperative Registered Nurses.

Mihoko Hulse, CNOR

I am applying for the board member position believing that there are two open positions overlapping the two board members appointed at the January 19, 2025 meeting reinstating Chapter 1504 status. I have been an AORN member since late 1970s. I have been an active member since 2007. I have been Chapter 1504 treasurer for approximately 13 years. During that time, I have made sure the financial status was transparent for the members. During that time was able to create and approve to have a treasurer elect position to be oriented and filled into the treasurer's position when the current treasurer position was done. I have been supportive and have oriented Maria Guekova as treasurer till the January 2025 meeting. I am CNOR certified and hold part time position at IUHealth North OR. As a board member, I would support Chapter 1504 mission that was probably established during the 2025 meetings. I would uphold the chapter bylaws and assist in meeting the chapter's objectives by participating in reviewing the budget, committee reports, and assist in keeping local members informed of what is occurring at the chapter level.

Lauren Welton, MSN, RN, CNOR

I'm **Lauren Welton, MSN, RN, CNOR**, an Operating Room RN with 18 years of experience at IU Health. I've served as charge nurse, specialty coordinator, and manager, but my true passion remains circulating in the OR. A lifetime member of AORN, I've been an active chapter member because I deeply value the camaraderie, education, and professional growth our organization provides.

I previously served on the chapter Board of Directors and as Chapter Secretary, was a delegate to AORN National, and attended the AORN National Convention. I currently work at the Ambulatory Surgery Center in Lafayette. If elected, I'm committed to growing our membership, strengthening member engagement, and keeping our chapter a vibrant, active part of the perioperative community.

I would be honored to serve you again and help build an even stronger future for our chapter.

Mariah Beaty, BSN, RN

I would like to help promote AORN's standards, education, and resources to other small surgery centers to strengthen patient safety, staff development, and quality care. I believe my perspective from a small ambulatory surgery center would allow me to advocate for the needs of other smaller ASC's while encouraging more involvement with AORN.

Thank you!
