Research Study: Clinical Correctional Nurses Needed

Hello.

I am a doctoral learner under the direction of Professor Dr. Barrett Mincey in the College of Doctoral Studies at Grand Canyon University. My name is Stephanie Schleidt. I am researching how clinical correctional nurses describe their work environment and how it contributes to their mental and physical well-being.

INCLUSION

You can participate in this study if:

- You currently work as a nurse in an adult correctional facility or have worked in that environment in the past three years.
- You are 18 years or older.
- You are willing to complete a demographic questionnaire. This questionnaire includes questions about your gender, age, race/ethnicity, general location, type of facility, employment type, and level of education (7-10 minutes).
- You are willing to participate in an interview.
- You are willing to have your interview audio and video recorded.

EXCLUSION

You cannot participate in this study if:

- You do not have any experience working as a clinical correctional nurse in an adult facility in the past 3 years.
- You are younger than 18 years.
- You cannot or will not provide informed consent.

ACTIVITIES

The activities for this research project will include:

- Completing an informed consent form using an online link.
- Completing a questionnaire with personal, identifiable questions about gender, age, race/ethnicity, location, type of facility, employment type, and level of education using an online link (7-10 minutes).
- Completing a one-on-one interview via Zoom (approximately 60 minutes). The interview will be video and audio recorded.

Your participation in this study is voluntary.

All data in this study will be protected. You will be assigned a random code. All data for this study will have your name replaced by your code and be stored securely on a computer and a cloud drive for at least 3 years.

Link to Questionnaire

If you are interested in participating, please click on the link to enter the questionnaire:
