

Voices Against Violence

NATIONAL **GUN VIOLENCE** **AWARENESS MONTH** **JUNE**

Please join Henry Ford St. John Hospital and Henry Ford Hospital for a community event in recognition of June, Gun Violence Awareness Month. All are welcome to participate.

There will be a 30-minute viewing of a documentary where the main speaker discusses the after effects of being involved in a school shooting and how her life has forever changed.

There will also be an opportunity to learn Stop the Bleed training- which teaches how to identify and control life threatening bleeding. Those who participate in the interactive training will be entered in a raffle to win a prize. There will also be a few vendor tables with resources.

We look forward to seeing all of you.
