Speaker

Pam Collins, MSN, CMSRN, RN-BC

Pam has more than 35 years of varied nursing experience. She has worked as a staff/charge nurse for medical-surgical and pediatric units. Her experience also includes nurse management, nursing administration, nursing education and consulting. While Pam currently works as an independent consultant, she maintains her skills by working as a clinical educator for medical-surgical and specialty surgery at an acute care facility in Charlotte, NC. Pam is dually certified in medical-surgical nursing from the Academy of Medical-Surgical Nurses and the American Nurses Credentialing Center. Additionally, she has partnered with various nursing schools to assist nursing students in their preparation for the NCLEX Exam.

Course Description

This two-day course is designed to provide nurses with the tools, confidence and knowledge to successfully complete the Medical-Surgical Nursing Exam. The exam content outlines and blueprints from the ANCC and MSNCB® were used to develop this program. Topics covered from the exam content outlines will include: review of body systems, cardiac, pulmonary, neurologic, gastrointestinal, renal, genitourinary, reproductive, endocrine, hematologic, musculoskeletal, immune and more. Pathophysiology of disease processes, including signs and symptoms and treatment modalities, will be presented. The nursing process and nursing practice roles in the management of patient care will be discussed through case scenarios and sample questions. All aspects of the Practice Domains will be addressed at the end of Day 2, and strategies for test-taking will also be covered.

Key Learning Outcome

This program prepares the learner to:

- After completing the program, 80% of participants will report an increase in knowledge and confidence necessary to pass the certification exam.

Registration Information

Tuition Includes Program Manual and CE Certificate.
