

Hello, We are inviting you to take part in a study exploring publication resilience among nurse faculty. If you are a current nurse faculty who has previously submitted for publication, consider our study.

Our goal is to find out about your experiences so we can help inform future strategies for nurse faculty who participate in the publication process.

If you agree to participate in this study, you will be asked to participate in a one-time interview. The interview will take place online using Zoom and is anticipated to take 45-60 minutes. Your information will be kept confidential.
