

MaAOHN Nominating Committee

MaAOHN Unopposed Ballot for 2027

Voting shall be held at the MaAOHN annual meeting on Nov. 17, 2026, at 12:30 at the Marriott Hotel, Burlington, MA

President:

Lori Burke, MPH, RN, BSN, COHN-S/CM, FFAOHN Associate Director, Health & Safety, Massachusetts Nurses Association

Lori currently serves on the MaAOHN Nominating Committee. She has a Bachelor of Science in Nursing from Northeastern University and a Master of Public Health, with a concentration in Occupational & Environmental Health from Boston University. She has worked as an Occupational Health Nurse for 30 years and has maintained certification for twenty-seven of those years.

In 2024, she earned her certification in Occupational Health Case Management and was honored as a Fellow of the American Association of Occupational Health Nurses (AAOHN). Lori's career has encompassed a wide range of industries, including aerospace and oil and gas, maritime health and safety, environmental services, municipal government, and warehouse and distribution. She has a particular passion for total absence management, including the oversight of work-related injury claims, state and federal FMLA administration, and short- and long-term disability programs. Throughout her career Lori has lectured extensively on topics such as best practices in occupational health case management, workers' compensation and 111F, and case management strategies at both regional and national conferences. Lori shares she has been privileged to serve the profession through multiple volunteer roles with the American Board of Occupational Health Nurses (ABOHN), including the Practice Analysis Committee, the Standard Setting Committee, and the Exam Development Committee. She currently serves on the ABOHN Board of Directors. Additionally, I have contributed to the AAOHN Practice Committee and was appointed Co-Chair in June 2025.

"I am seeking the position of President because I strongly believe in the mission of the Massachusetts Association of Occupational Health Nurses (MaAOHN): to support members in using their knowledge, experience, and skills to advance professional and leadership development through education. Over more than 30 years in occupational health, I have had the privilege of working with nurses, healthcare professionals, public employees, academic communities, corporate teams, and organizational leaders. Each

MaAOHN Nominating Committee

role has reinforced my belief that occupational health is more than a profession—it is a commitment to making workplaces safer and improving the lives of the people who work in them.

I remain inspired by the opportunity to make a meaningful difference—not only for individual workers, but also for workplaces and systems. I am committed to advancing evidence-based occupational health practices, strengthening the voice of occupational health professionals, and keeping worker health and safety central to organizational decision-making.

I am ready to serve as President because I bring extensive experience and a deep commitment to the field. I understand occupational health from many perspectives: clinician, case manager, program director, safety professional, consultant, educator, and advocate. I have led complex programs, managed teams and operations, developed practical solutions, measured outcomes, and collaborated with stakeholders at every level. Most importantly, I believe leadership means listening, building relationships, bringing people together, and turning shared values into meaningful action.

As President, I would work to strengthen MaAOHN, expand opportunities for professional growth and collaboration, elevate the visibility of occupational health, and advocate for the professionals who dedicate their careers to protecting workers. I would also build connections across disciplines and generations, creating an organization where experienced professionals share their knowledge and emerging leaders are encouraged and supported to shape the future of our field.

I am running for President because I care deeply about occupational health and the people who practice it. After more than three decades in this profession, my enthusiasm continues to grow. I am energized by the challenges facing today's workforce and by the opportunities we have to influence policy, improve practice, prevent injury and illness, and promote healthier workplaces. I would be honored to bring my experience, energy, perspective, and passion to the presidency. I believe in the power of our profession and in what we can accomplish together. I am ready to lead, listen, and help move MaAOHN and the field of occupational health forward."

MaAOHN Nominating Committee

Vice President:

Michael Dolliver RN, MHA, CCM, COHN-S Premise Health

Michael is the current MaAOHN Director of Western MA and has 15 years' experience in Occupational Health at both chemical and defense manufacturing companies. He received his master's degree in healthcare administration from Regis College and his nursing degree from the University of West Alabama. He was a past Vice President of Massachusetts Association of Occupational Health Nurses (MaAOHN) and served as Class President in college.

He has received the Moore Medical and Montag nurse leadership awards. Michael has also presented numerous topics at regional and international conferences including mental health, triage, and workplace violence. Prior to his Occupational Health career, Michael worked in dialysis, infectious disease, and HIV primary care at Mass. General Hospital as well as community health in South Boston.

Director North of Boston:

Amanda Mulcahy BSN, RN Premise Health

Amanda is currently serving on the MaAOHN Education Committee. She is an Occupational Health Nurse and Health Center leader with 7+ years of experience driving occupational health, safety, and compliance programs across pharmaceutical, medical device, and public health settings. She has a proven history of reducing risk, strengthening safety culture, and supporting operational continuity in highly regulated environments. Trusted partner to leadership across EHS, HR, Legal, and Operations, with a strong focus on preventive health, emergency preparedness, and workforce well-being. FEMA-certified and active MaAOHN/NEAOHN board member committed to advancing industry standards and healthier workplaces. Amanda shares: "I am a lifelong Massachusetts resident, having spent most of my life on the North Shore. I currently live with my husband and our two children, and I value the strong sense of community and family that the area provides. I

MaAOHN Nominating Committee

have worked in healthcare for over 20 years, beginning my career as an EMT serving my local community. This early experience laid the foundation for my continued dedication to supporting the health and well-being of others.”

Director Western MA:

Susan Marston RN MSN COHN-S CCM PHNA-BC

Susan has been serving on the MaAOHN board since 2011, most recently as Director North of Boston. Susan received her RN from St. Elizabeth’s School of Nursing, followed by an AA from Louisiana Tech, BSN from Excelsior College, and her MSN from Worcester State with PHNA-BC.

Susan has had an extensive Occupational Health background, including working at Digital Equipment Corp., Occupational Health Connections, Biogen, and Amgen and is a certified COHN-S and CCM. In addition, Susan is a retired Major, having served 23 years in the USAF as a clinical nurse, flight nurse, and Chief Nurse Executive.
