

You're Invited

Join us for an engaging and educational session on infusion therapy and infection prevention.

One Bloodstream

A Call to Action: HOBIS (Hospital-Onset Bloodstream Infections)

Program Objectives

- Discuss the modern history of United States healthcare policy.
- Explore the background of Hospital-Onset Bloodstream Infections (HOBIS).
- Identify interventions to prevent and control Hospital-Onset Bacteremia & Fungemia (HOBIS) for vascular catheters.
- Describe the process to implement practice change for Hospital-Onset Bacteremia & Fungemia (HOBIS).

CE Notice

The presentation will award the attendee with 1 contact hour of continuing education. The Association for Vascular Access is an accredited continuing education provider through the California Board of Registered Nurses. Provider #: CEP12371

Solventum Speaker

Alexa Hanobik
BSN, RN
ACL

Alexa Hanobik is our Area Clinical Lead in infusion therapy and vascular access with over a decade of experience as an RN and over 3.5 years as a Clinical Specialist. She is a member of the INS, AVA, and APIC chapters. Alexa brings deep insights from her work at Solventum on catheter care and infection prevention.
