AMERICAN ASSOCIATION of CRITICAL-CARE NURSES

Region 1

CAT update

What do local chapters mean to you?

I have always found so much value in being a member of my local chapter. For many years, I was very active in the Houston Gulf Coast Chapter, and now that I've moved back to Massachusetts, I am excited to be involved in the Central Mass chapter. For me, local chapters help move the mission of AACN forward, while fostering community engagement, networking, and continuing education. Chapter leadership can also be challenging - succession planning, limited resources, and lack of membership engagement all have an impact. I want to thank you all for serving your chapters; I am here to help. ***With AACN Tonka Williams's theme in mind: I see you. Your voice matters. You belong at the table.***

Check out this NTI recorded session, **"Rising Together for Rivtalization of Chapters"** and earn 1.5 CEs while getting tips and insights on how to grow and develop your chapter.
