Your Dollars at work for FASN

The dollars from your raffle tickets
support FASN Scholarships and
Research Grants!

FASN School Nurse of the Year

Penny Kehoe, RN, BSN, CRRN, NCSN, CLNC

Congratulations!

Blessing of the Hands

The Blessing of the Hands is a hospital tradition practiced around the world. Human touch is such an important component of health care, the blessing is especially meaningful to physicians, nurses and other hospital staff.

It provides a spiritual experience, symbolically linking the art and science of healthcare.

Those who participate reflect upon the interconnectedness of their own humanity and the privilege to provide holistic care to their patients.
