

Navigating Your World Through Research

Nurses will learn how they can explore original evidence-based practice, process improvements and research projects that can change their world.

Keynote speaker

DaiWai M. Olson, PhD, RN, CCRN, FNCS

Associate professor of neurology and neurotherapeutics
Associate professor of neurosurgery
University of Texas Southwestern

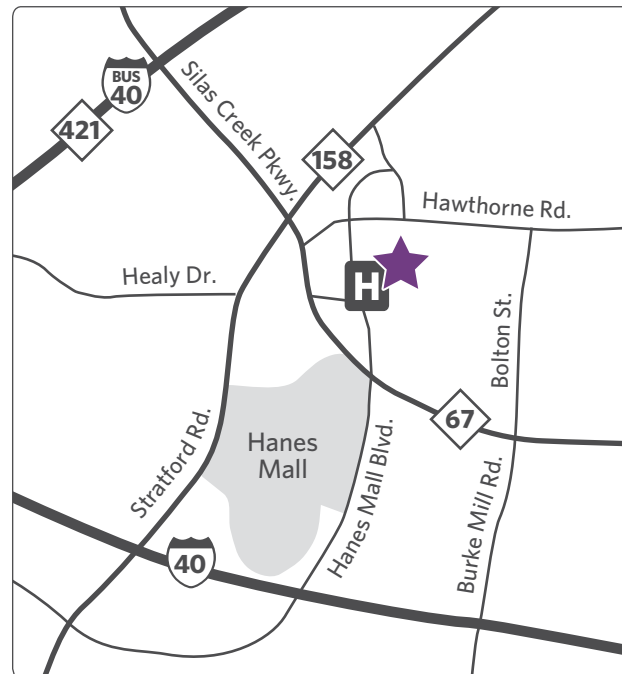

This activity has been approved for five contact hours.

Novant Health Nursing Professional Development is an approved provider of continuing nursing education by the North Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Navigating Your World Through Research

April 14, 2016

Novant Health Conference Center
Winston-Salem, NC
Presented by Novant Health

N ■ **NOVANT**
HEALTH

Objectives

At the end of this course, participants will be able to:

- Describe the importance of using best evidence to inform practice
- Demonstrate process mapping to guide process improvement initiatives
- Discuss current local process improvement projects and their impact on nursing practice
- Evaluate a current research study to determine its value to nursing practice
- Discuss current local evidence-based projects and their impact to nursing practice
- Identify the proper research method to answer any clinical question
- Discuss current local research projects and their impact on nursing practice
- Identify one area in clinical practice you can investigate that impacts your world
