WHAT YOU DO AS A NURSE—IT MATTERS!

The members of GJC cherish and respect the profession of nursing and want to help you enhance your professional nursing experiences. Every nurse deserves respect, kindness, and the right to have a voice—GJC offers all of this. MLK Jr. said "Our lives begin to end the day we become silent about things that matter." So, the Greater Johnstown Chapter of AACN invites you to take time to celebrate and promote the profession of nursing!
