DESCRIPTION

Emergency Nursing Pediatric Course (ENPC)-Provider

ENA developed the Emergency Nursing Pediatric Course (ENPC) to improve the care of the pediatric patient by increasing the knowledge, skill and confidence of the emergency nurse. This two day course provides core-level pediatric knowledge and psychomotor skills needed to care for pediatric patients in the emergency care setting. ENPC is the only pediatric emergency nursing course written by pediatric nurse experts.

DATES:

March 11/12, 2017 Sentara Virginia Beach General HEC Bldg

November 18-19, 2017 Sentara Leigh Hospital 5th Flr Conf Rm

REGISTRATION FEES:

The registration fee includes course materials, instructor fees along with continental breakfast and snacks each day.

Mail in:

ENA Member	\$250
Non-ENA Member	\$300

Checks are to be made payable to Tidewater ENA

Credit Card:

ENA Member	\$255
Non-ENA Member	\$305

Contact the chapter treasurer at tidewaterenatreasurer@gmail.com, Belinda Dragges for details. A convenience fee is included in the registration credit card fee.

Registration is on a first come first serve basis. Class size is limited to 20 participants per course.

Class is from 0800 until 1730 unless otherwise notified.

Cancellation/Refund Policy: There will be no refund for last minute cancellation of less than five days or no shows for a registered course. If there is an emergency that limits the participant to attend then it will be the discretion of the TENA Board of Directors to provide refund or place them in another course that has space available.

Participants cancelling more than five days prior to the first day of the course will receive a refund minus a \$100 processing fee of what their payment was.

PROGRAM

Provider Course Participants

ENPC is a 16-hour course designed to provide core-level pediatric knowledge and psychomotor skills needed to care for pediatric patients in the emergency setting. The course presents a systematic assessment model, integrates the associated anatomy, physiology and pathophysiology and identifies appropriate interventions. Triage categorization and injury prevention strategies are included in the course content. ENPC is taught using a variety of formats including, online learning, lectures, videos, group discussion and hands-on skill stations that encourage participants to integrate their psychomotor abilities into a patient situation in a risk-free setting.

ENPC provides participants the opportunity to strengthen and develop their pediatric emergency nursing skills while expanding their personal growth by collaborating with nurses from a variety of practice settings. ENPC brings together participants from various emergency department settings as well as nurses working in other specialties.

ENPC Course Highlights

- Completing an observational or across-the-room assessment
- Identifying subtle changes that indicate deterioration
- Developmental approach to pediatric care
- Cultural considerations in pediatric care
- Pain assessment and management for children
- Techniques for family-centered care

Continuing Nursing Education Contact Hours

Contact hours are awarded based on hours attended, regardless of performance during evaluation. The Emergency Nurses Association is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

In accordance with the Americans with Disabilities Act, please advise Loretta Martin if you have any disability that requires special materials and/or services so that appropriate personnel can be advised.
