

Dear Vendor,

We would like to invite you to take part in our upcoming Educational Conference for the NJ Chapter of INS on Saturday, April 22nd from 7:45 am to 4 pm. The conference will once again be held at Kean University, Union, NJ. This event has been growing steadily since its inception with over 100 Infusion nurses attending each year. The goals of this conference are to provide education and resources on Infusion Therapy/Vascular Access to our members. By participating in this conference, you will have the opportunity to provide product and technology updates on your products to our Infusion nurses.

You will be able to set up as early as 7am. Tables are on a first come basis. There will be time at the start of the program, a morning break, and a lunch break to showcase your products. You may leave after lunch as there are speakers for the afternoon and no further breaks.

Any other information or assistance needed, please contact me.

Sincerely,

Daisy King RN, BSN, CRNI  
Treasurer, NJ Chapter of INS
