QUALITY CARE IS EQUITABLE CARE

The case for culturally and linguistically responsive health care

WEDNESDAY, MAY 26, 2021 ♦ 1:30 to 3:30 PM

SESSION FIVE: Building and Cultivating Culturally Effective Organizations

This session will introduce participants to the **Culturally Effective Organizations (CEOrgs) Framework**, a national roadmap to guide health care organizations to improve capacity and effectiveness in providing equitable care and services. Participants will:

- ⇒ Learn how to distinguish individual, collective and organizational level cultural competence.
- ⇒ Identify organizational, structural and clinical strategies to implement culturally appropriate policies and practices.

SPEAKERS

Paula Smith, MBA, EdD
Director, Southern New Hampshire
Area Health Education Center (AHEC)

Trinidad Tellez, MD
Equity Consultant, Southern New
Hampshire Area Health Education Center
(AHEC)

TARGET AUDIENCE

Health care organization managers, executives, clinical and QI directors, and diversity, language access and HR directors. Health care and behavioral health practitioners, other front-line staff, and cultural leaders are also welcome to attend.

Cost to attend the online session is \$35*.
