AMERICAN ASSOCIATION OF NEUROSCIENCE NURSES - NORTHERN ILLINOIS CHAPTER 3RD QUARTER MEETING

The Northern Illinois Chapter of the American Association of Neuroscience Nurses would like to cordially invite you to attend their 3rd Quarter Meeting.

As the national organization expands their membership to include **non-RN professionals and students**, our chapter would like to extend the same welcome.

With this transition and the collaboration of such neuro-passionate individuals we can project a greater influence on comprehensive neuroscience health.

This will be an open meeting; you do NOT need to be a member of the local chapter to attend

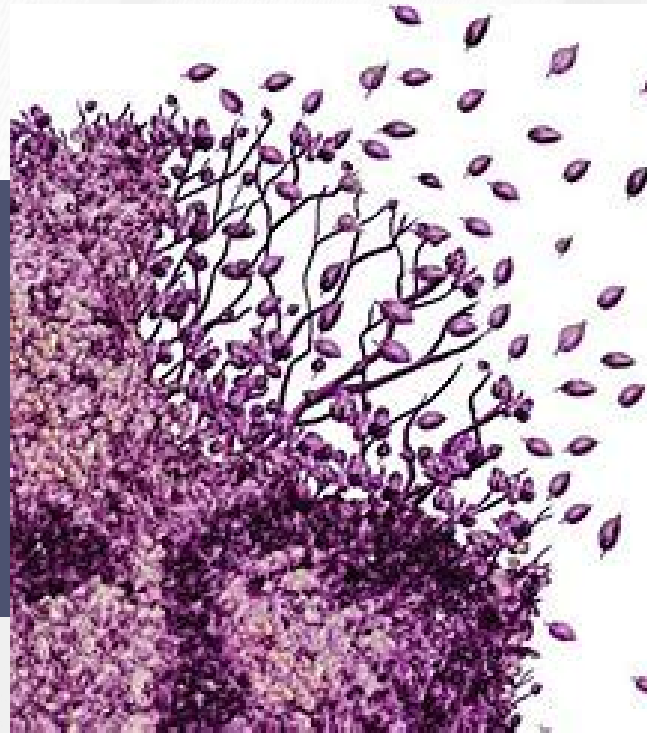

Speaker Topic

EFFECTIVE COMMUNICATION FOR INDIVIDUALS LIVING WITH DEMENTIA
