### Enhance Your Pediatric Care. From Anywhere.

Join a dynamic community of general physicians, pediatricians, and experts for this free, virtual tele-mentoring program designed to empower primary care providers with the latest knowledge in pediatric oncology.

Through 8 monthly sessions, you'll gain the insights and confidence to support young patients facing cancer — from diagnosis to survivorship.

### Program Highlights

No matter your level of experience, this program provides the knowledge and community support to strengthen your role in caring for children with cancer.

- ✓ **Expand your role** in pediatric cancer care, even if you're not in a specialty center.
- ✓ **Access knowledge and support** whether you're in a rural setting or an urban clinic.
- ✓ **Explore timely, practice-relevant topics** like:
  - » Early signs of pediatric brain tumors
  - » Best practices in adolescent and young adult oncology
  - » Survivorship care after pediatric cancer
  - » Integrative approaches and precision medicine

### REGISTER HERE

<https://redcap.link/PedOncECHO>

- » Rolling registration.
- » Register one-time to access all sessions.
- » Attend as your schedule allows.

## “All Teach, All Learn”

The Project ECHO model of continuing education leverages the power of all participants learning and sharing together. ECHO sessions consist of a brief educational presentation with Q&A, followed by group discussion on de-identified cases submitted by participants. It is a guided, virtual learning community aimed at supporting attendees in their practice endeavours.

### PARTICIPATING IS FREE, SIMPLE AND VIRTUAL

- No need to travel. Participation takes just one hour of your day.
- Register for the program at no cost, and get reminders for upcoming sessions.
- Sessions are held via Zoom.
- Submit cases when you can (and if you want) for review and consultation during sessions.

### BENEFITS FROM PARTICIPATION

- A regional learning community of providers like you.
- Topical review and consultation during sessions.
- Presentations from subject matter experts on topics you help to select.
- Suggestions on managing your most complex questions.

In support of improving patient care, this activity has been planned and implemented by Penn State College of Medicine and Project ECHO. Project ECHO® is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Project ECHO® designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## What to Expect

- Experts dedicated to sharing knowledge with you and learning from you
- A welcoming atmosphere where people feel comfortable participating
- Responsiveness to your feedback on evaluations
- Respect for your experiences, skills and time
- Increased knowledge

## Project ECHO

Project ECHO (Extension for Community Healthcare Outcomes) is an internationally-recognized, evidence-based approach to continuing education and tele-mentoring that leverages the power of sharing knowledge across miles and across disciplines. Project ECHO started at Penn State College of Medicine in 2018 and aims to improve health outcomes and access to care within and beyond Pennsylvania.
