Providing the best patient care

Vi-Anne Antrum, DNP, MBA, RN, NEA-BC, CENP, FACHE
Vice President of Patient Care Services and Chief Nursing Officer
Olean General Hospital
Objectives

- Participants will be able to discuss how to leverage leadership to attain optimal staffing levels.
- Participants will be able to describe the team approach in healthcare and why it is essential for safe patient care.

Better health takes a team.
Leadership engagement

- Board of Directors
- Senior Administrative Team
- Nursing Leadership
- (Leapfrog deliverables)
Shared Governance

Recruitment and retention committee at Olean General Hospital comprised of 50% frontline staff and 50% management. CNO is part of this council. (Nursing World, AONE)
The number one ask from our nurses was nursing assistant support and clerical support.

The IOM Future of Nursing states nurses should work to the top of their licensure.

Nursing care should be determined as a balanced and thoughtful approach (NYONEL).
