2018 Conference

Reclaim Nursing
Heal, Empower, and Inspire

Learning Objectives

Presentation Title: “Childhood Obesity Epidemic: Call to Action”

Speaker(s): Andrea Houser, PhD, MSN, BSN, RN
Faculty, Galen College of Nursing

Objectives:

1. Identify the consequences of childhood obesity.
2. Describe healthy eating choices for babies, children and teenage children.
3. Integrate the concepts of healthy eating choices into personal nursing practice to lead by example in health practice settings.
4. Evaluate effectiveness of personal eating choices that advance the professional nursing image to lead change and advance health in the Campaign Against Childhood Obesity.
