

river

A quiet harbor

Bring people together in a place where ideas, insight and inspiration can be shared. River™ supports an endless array of curvilinear and rectilinear configurations with three back heights and benches. Seating and tables can be specified with power and USB outlets for mobile devices.

We meet again

We meet, we work and we meet again, our schedules a constant flow of people, process and communication. We're a small group, then a larger group and then it's time out to collect ourselves before moving on. Flexible and adaptable, changing it up to reflect the change happening around us, we are the river, rushing to a quiet harbor.

Seating shown in Momentum Odyssey, Rue, headrests shown in Allante, Ash. Tables shown in Asian Night.

River+ – the overachiever

Meet River+™, the next generation of our River lounge series, now with industry-leading support for the places in which we work, learn, and heal. Universities, hotels, shopping centers, airports, and healthcare spaces require solutions that can withstand the wear and tear from demanding 24/7 use. River+ has been designed and tested to three times the BIFMA standard for spaces that operate around the clock.

River+ offers an inclusive design that respects the needs of a diverse population, including an active weight of 600 lbs. per seat location to accommodate a full range of body types. River+ also adds multiple seat heights to accommodate the abilities of different age groups. Additional models and features include 90-degree and 120-degree configurations, as well as media hearths and back shelf models to expand the audience. All River+ models feature a continuous clean out between the seat and back to facilitate housekeeping and sanitizing protocols, a necessity for healthcare applications.

Seating shown in Arc-Com Sherlock, Garnet and Arc-Com Hush, Flamingo with Black legs. Round coffee table with Black legs and back shelf shown in Walnut Heights. ML bar seating shown.

Collect your thoughts

Take time out to collect your thoughts or catch up on the latest white paper. Personal Harbor is the newest addition to the River seating series, bringing people together where ideas, insight and inspiration can be shared.

Additional information can be found on the Global [website](#).

Seating shown in Lumm Situ, Statue and Luum Situ, Phosphor.
