- A personal worship 2 - "my salvation", "I will"

### Moses' Song - the Song of the Ages

- Same song: God delivers His people who don't deserve it so He gets the glory!
- Is that the testimony of your life? Do others know you are thrilled about your salvation?

### Think & Discuss:

- How many different acts of God can you think of that cause you to praise Him? Consider keeping a list in your Bible.
- Do you maintain a praise journal of God's grace and blessing in your life? Use it to give praise during the tough times.
- There are over 185 songs in the Bible: Visit <https://overviewbible.com/bible-songs/> Use this list to review and rejoice over the God of your salvation.
- Why is it important to review and praise God for what He has done?
- Why is it important to remind yourself of God's character?
- Review the attributes of God from this song.
- What is the importance of looking ahead to see what God will do in the future? What does that mean for a believer? Create a list of all the promises that you can think of about what is ahead for believers.
- Apply: Consider the people in your life... would they see you and your attitude (song) in life as praising God? Dads/Moms/Grandparents - especially think about what you are communicating by your attitude (song) in life? What message do others around you receive?
