

What's included with Generator Rental for Your Event

*Delivery, Install, hookup and removal included

25kva Super Quiet Generator with Direct Three Phase Twist Lock Connections, producing 160 Amps of power (may need larger size for large events)

Full Tank of Diesel Fuel included.....Gives 30 hours of run time at full load

Three Phase Power Cables, hookup from generator to 3 phase distribution box

Twist Lock Generator Cable, we provide up to 600' with rental, this keeps the generator a good distance from the event area, cables hookup from 3 phase box to spider boxes

4P TUFF BOX SPIDER STYLE

- 400A three phase input & output or dead end
- 4 to 6 receptacle outputs
- Powder-coated aluminum panels available
- Round rolled aluminum protective cage
- UL & C-UL 1640 Listed, NEMA Type 3R

Three Phase Spider Box (if this is not used you will only be able to hookup two spider boxes direct and only get 80 to 100 amps from generator)

50 Amp Spider Boxes, we provide 4 of these with generator rental. The spider boxes hookup by cables to the distribution box.
