

THIPTARA

เรือนไทยแห่งสยาม

WELCOME TO THIPTARA

Coming from the South of Thailand, our love for cooking classic Thai dishes have been passed down through our generations over many decades. We now bring these traditions to you at Thiptara which in our native language means, Spirit of the water'.

Passion is the key ingredient when cooking, our team will share their passion with you through their creations. You will find many favorites within these menu pages which pay tribute to traditional, authentic Thai recipes with Bangkok style influences. We also encourage you to be adventurous – explore new flavors, be daring and try something deliciously different. Most importantly we want you to enjoy every bite!

For those of you who would like some guidance, we have carefully selected some of our personal favorites as 'Signature Dish,' we are confident you will love these dishes as much as we do!

THIPTARA CULINARY TEAM

THIPTARA'S GARDEN

CHILI "PHRIK"

Chili is an erect, branched, shrub-like plant with fruits used as garnishing & flavoring in Thai dishes. There are many different species. All contain capsaicin, a biologically active ingredient beneficial to the respiratory system, blood pressure and heart.

SACRED BASIL "KA-PHRAO"

Sacred Basil is an annual herbaceous plant that resembles Sweet Basil but has narrower & often reddishpurple leaves. The fresh leaves, which are used as flavoring, contain 0.5% volatile oil, which exhibits antimicrobial activity, specifically as a carminative, diaphoretic, expectorant & stomachic.

GALANGA "KHA"

Greater Galangal is an erect annual plant with aromatic, ginger-like rhizomes & commonly used in Thai cooking as a flavoring. The approximately 0.4% volatile oil content has therapeutic uses as carminative, stomachic, ant rheumatic & antimicrobial agents.

LEMON GRASS "TA-KHRAI"

This erect annual plant resembles a coarse gray-green grass. Fresh leaves & grass are used as flavoring. Lemon grass contains 0.4% volatile oil. Therapeutic properties are as a diuretic, emmenagogue, anti-flu & antimicrobial agent.

KAFFIR "MA-KRUT"

The leaves, peel and juice of the Kaffir Lime are used for flavoring in Thai cuisine. The leaves and peel contain volatile oil, where the major benefit of the juice is as an appetizer.

THIPTARA

เรือนแห่งสยาม

WELCOME TO THIPTARA

Coming from the South of Thailand, our love for cooking classic Thai dishes have been passed down through our generations over many decades. We now bring these traditions to you at Thipara which in our native language means, 'Spirit of the water'

Passion is the key ingredient when cooking, our team will share their passion with you through their creations. You will find many favorites within these menu pages which pay tribute to traditional, authentic Thai recipes with Bangkok style influences. We also encourage you to be adventurous - explore new flavors, be daring and try something deliciously different. Most importantly we want you to enjoy every bite!

For those of you who would like some guidance, we have carefully selected some of our personal favorites as 'Signature Dish,' we are confident you will love these dishes as much as we do!
