

NOTE: Inner roof shown without outer skin or base frames for folding roof - both are fitted after body assembly.

INNER ROOF 1

NOTES:

1. Inner roof shown before front edge is cut - see later sheet for details.
2. Cut all pieces from $\frac{1}{8}$ " plywood.
3. Joints near front offset to fall in between double roof beams.

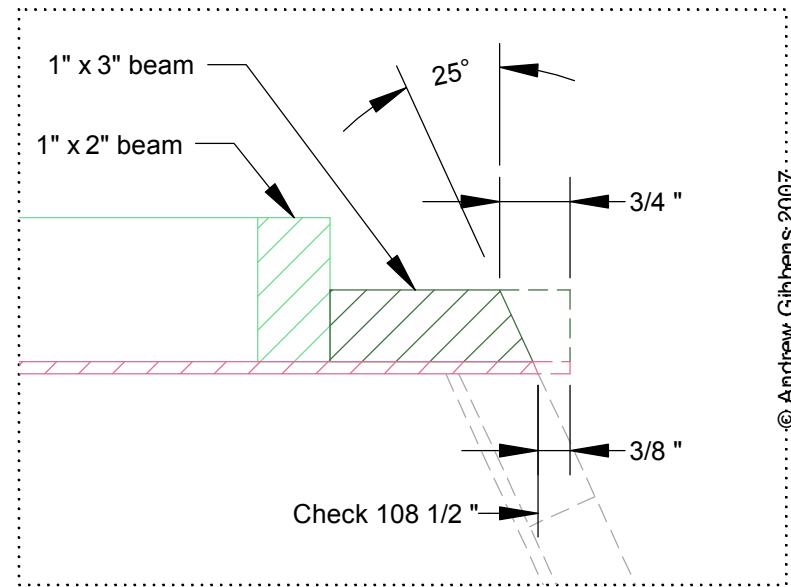

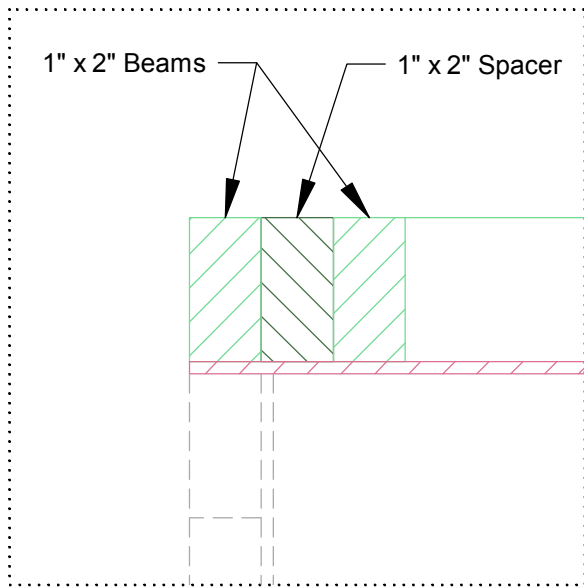

INNER ROOF 2
1:16

NOTES:

1. All framing 1" x 2" (nominal), except 1" x 3" front horizontal beam (see next sheet).

INNER ROOF 3
1:16
