Summer Hours

Please check with the administration for detailed summer schedule

Though many of us are anticipating the summer break, we can't forget about planning our music routine! Fill out a pre-registration form at your next visit to the academy.

Benefits of pre-registering for lessons:

- Reserve a lesson time which is convenient for you in September. Preferred time slots may not be available to those students who do not pre-register.
- Save from paying increased lesson fees in September. Please note that in order to reserve a time in September, we must have access to either a Post Dated cheque, or a Credit Card Number and expiry date, in order to ensure payment.
- Ease of mind! Take care of registration now and be worry free during the summer! We will call you to remind you of your pre-scheduled lesson time.

We also offer a flexible summer schedule for those who want to continue lessons throughout the summer and stay musically fit! Please see the administration to register for summer lessons.
