## ALMA MATER

*Hail to our colors, gold and blue;  
Hail to our alma mater true;  
Throughout the years we shall stand by  
With pride we'll keep your standards high.  
The values we establish here  
Will make our memories ever dear.*

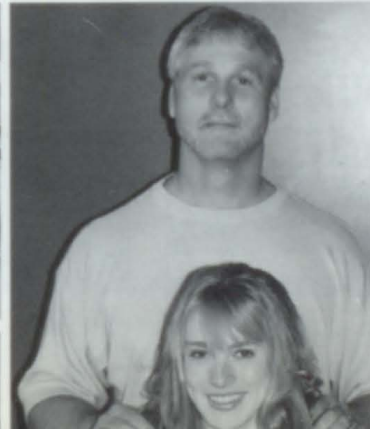

*Oh, Admiral King, so strong and bold,  
Our endless love can ne'er be told.  
The light that you created here  
Will be a beacon through each year  
And bring us always home to sing  
The glory of our Admiral King*

*Tune: "Navy Hymn"*

*Lyrics: Marjean Ross*

# Preparing for our Time!

---

# Life at L.A.K...

Being at Lorain Admiral King is different than anything else. The sights, the sounds, the pride say it all. No matter what time a day you find someone being there best here at LAK. From the Homecoming dance to Graduation you see all sorts of different things. There is plenty to do here at King, many clubs to join and activities to do. There is never a dull moment!!! We are definitely *"Ahead Of Our Time."*

Lorain Admiral King High School students are definitely "Ahead of Their Time." There is no doubt that the students here have applied themselves so much that they know more than they know what to do with it. No matter what it is, everything within these walls is ahead of their time. From the sports teams to down to and ad- everyday is new. With that we get we know ourselves. dents are and learn- they do best. Within these walls we have an outstanding faculty. The teachers here are as Mr. Spruill says "way too underpaid" and I know that every teacher will agree with you. From the start of the day the students show that they care. Many students are here before school starts showing they care by helping a teacher or joining into a new club. There is definitely more than anything here to do. No one can ever say that there is nothing to do at school. If you apply yourself and express yourself you'll find that times here are definitely one of a kind. We are Ahead of Our Time!!!

the clubs and the faculty ministration something every chance here at LAK how to apply Many stu- here to learn ing is what

Lorain Admiral King sure has come a long way. Since it's opening in 1961 there has been 36 graduating classes. Before the graduates has to endure over 800 others graduating. Well, fortunatly the sizes of the classes have shortened and the total population has gone down. Did you know that the "Commons Area" used to be used as two different study halls made for 50 students each?

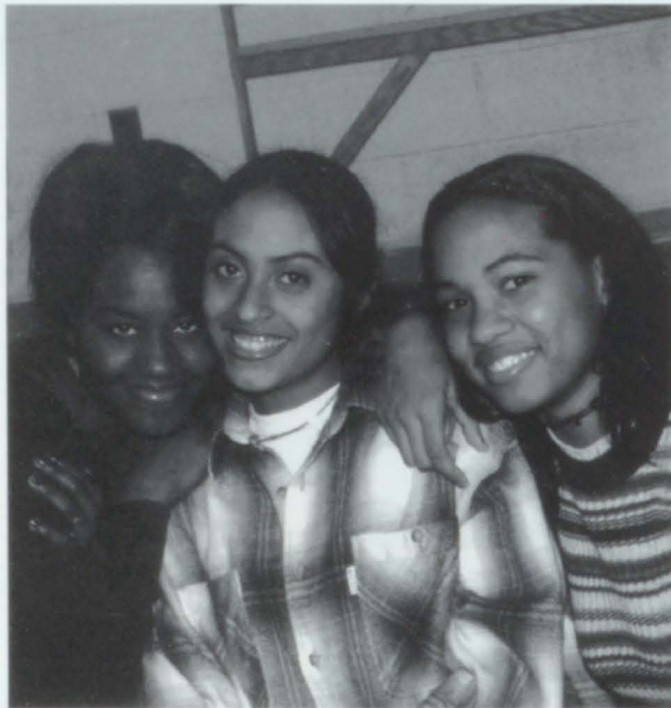

# Lorain Admiral King High School

## *The spirit that we find here...*

Every school has a certain amount of spirit and pride within its walls. LAK is not an exception to this, it certainly does not lack in spirit. Spirit is a very big factor here. Students have a sense of pride for their school and they are not embarrassed to display it. School activities and functions are filled with students supporting and cheering on their school. During a spirit week it is evident how much spirit the students have. The spirit can be seen in the halls and classrooms. Students are dressed for the situation, whether class colors or flashbacks. Every school has an amount of pride but LAK has it all. Everyone should do their part to make this school full of spirit and pride, so show your spirit everyday.

-- Melissa Bruderer

Our environment here at Lorain Admiral King can definitely be described as a diverse one. Everyday students meet and interact with people of varied backgrounds and personalities. This may be the cause of problems at other schools but not at LAK. The students have accepted this situation and are able to mix and blend well with each other. The diversity has helped to broaden the horizons of each student and it will help prepare them for their lives after high school.

-Mike DeNicola

# Ahead of Our Time

We all believe what goes on here at LAK is like no other and that we all our "Ahead Of Our Time." From the Freshmen to our graduating Seniors all of us give it our all. Day in and Day out this school is bouncing, there is always something going on, come on and join in!!!

The spirit of LAK is exceptionally great. Students have pride in the school that they are not afraid of expressing. In all that the school does you can see the pride of each person. Each student expresses their spirit in all ways. From supporting LAK's sports teams to participating in the Spirit Week, we all definitely show our spirit. When it comes to spirit, LAK has got to have the most spirit of any school around. The students and Faculty here take pride in their school and we are not shy about it.

Many believe that teachers have it easy, but that is wrong. Teaching us students is a tough job, but yet they still go on. Sometimes we just sit back and wonder how they put up with all of the problems that arise. Teachers are wonderful people with a very tough job. In your life there are many things that you will remember and your favorite teacher is high up on the list. Teachers give us wisdom and values along with guidance. We should all bow to a teacher and just say "thank you" every once in a while.

*...One step away from graduation*

# What is it like to be a Junior?

My life as a junior has probably been the best time of my high school career. Although the work has been difficult, the experience of being a junior is one of a lifetime. Your junior year is when you find yourself and when you lose yourself. Although this year is the most fun, it is also the hardest. You need to start making decisions on your own and applying for colleges that you will soon be visiting. Growing up is a major part of your junior year. It's like you're trapped in an "in between stage," because we are not underclassmen, yet we are not seniors. This is when you need to find yourself and start planning for the future. These times are very crucial to your life because you know what's coming next year, but planning for the future is a mystery itself. The only advice to give the underclassmen is to have and do anything you please; "Life moves pretty fast, so you better not stop to look at something, or it just might pass you up."

Walking into new surroundings of maturity and social attractions and into the garden of high school students that have paved and molded the school before you. You set off for first period and a feeling of being older, but still the youngest in the castle of Jacks, Queens and most of all Kings. The long morning is over and the afternoon of sixth through ninth period begins. So far, your teachers are great and all of the older kids are very nice and helpful. You're having a great time shedding your junior high jacket and trading it for an LAK coat. Your initial fears diminish and happiness invades your soul, as you join a second family of friends and you're the youngest child.

The day is finally over and you start to breathe normally. You made it through your first day as a freshman, the start of a four step ladder has begun for you. Pride swells in your heart and as you inch for the door of escape you recall the hall you started in. Being a freshman is a lot like that hall, because you begin there and end in an older, more mature, more adult hall. The class of 2001 may be the youngest, but if we work hard and still have time for a little fun, we will prosper and grow into adults. We all made it this far and we can call ourselves Admirals!

## Lead Roles

Fiona MacLaren .....	Heidi Robbins
Meg Brockie.....	Megan Sommers
Tommy Albright.....	Jose Marin
Jeff Douglas .....	Dan Ketcham
Charlie Dalrymple .....	Mark Whalen
Jean MacLaren .....	Katie Ferraro
Mr. Lundie.....	Jason Flowers
Jane Ashton.....	Jennifer Killen
Harry Beaton .....	Chris Iemma
Archie Beaton / Frank.....	Mark Heflin
Angus MacGuffie ..	Jeremiah Waseleski
Sandy Dean .....	John Dolinsky
Andrew MacLaren.....	Nick Beyers
Maggie Anderson.....	Marisa Cordy
Stuart Dalrymple .....	Michael Fowler
Mac Gregor .....	John Gaal
Kate .....	Cindy Phillips
Bagpiper .....	Mr. Ronald Tennant

Brigadoon is produced by Ms. Carol E. Peddie, also the musical director. The director, choreographer, and artistic set designer is Mr. Dean G. Shullick. Mrs. Sherry Hyde is the assistant director, with Mr. Ed Ferraro, the technical director. Our pianist is Mrs. Jean Peddie-Renslow

## *Synopsis*

"Brigadoon" tells the story of a young American, Tommy Albright, and his companion, Jeff Douglas, who happen on a small village in the highlands of Scotland, a village that is unlisten on any map. They discover that it is an enchanted town that comes to life for one single day every hundred years, and follow the villagers through a day that includes a wedding and a near disaster when one of the young Scots tries to leave the town. The American falls deeply in love with Fiona, but is told he cannot stay in Brigadoon. He returns to New York, quarrels with his fiancée, Jane Ashton, and at last goes back to Scotland, where, by the power of love, he reawakens the slumbering town long enough to join Fiona.

**Above:** Is that a picture of Grandma, or what? **Above Right:** Zach Shildwachter attempts to steal Cathy Worden. **Right:** Mike DeNicola woes Cathy Worden in this year's school play. **Below Right:** Is that Anwar Green and John Graver, aren't those nice costumes?

# Sea Sick... or Cast Adrift on the sea of

life without an anchor

# LAK NJROTC

This year's NJROTC is an exceptional group. They took many trips to many different boot camps along with trips to The Coast Guard. They also have a Navy Ball every year, to celebrate. And they work very hard all year round.

Congratulations Roy Fennell from Grandma & Grandpa  
Congratulations Christopher Thompson from Mama,  
Papa, Amy & Emily  
Congratulations to the Senior Class of 1998 -- Mrs. Szabo

Congrats to Paula Perhot!!!  
Mom, Dad, Marjean and  
Nancy are very proud of how  
well you excelled in high  
academics, soccer,  
cheerleading, school plays,  
band and orchestra, and all  
the many clubs you partici-  
pated in. Not only did this  
take alot of time, determina-  
tion, hard work, and dedica-  
tion, but your whole heart  
went in doing the best you  
had to give of yourself. May  
your success be your reward  
as you meet the challenges of  
your college years.
