also appear before the subcommittee, though neither intends to ask for a specific amount of money. Aides to both men said it was too early to assess the damage fully.
Galveston officials said the $1.1 billion would go to fix water, sewerage and drainage systems as well as traffic signals, roads and bridges. The city is also asking for money to build housing, give grants to small business owners and restore beaches, City Manager Steve LeBlanc said.
All this will be in addition to the money the city has received from the Federal Emergency Management Agency for cleaning up debris, he said. "We're not going up asking for something we're already getting," Mr. LeBlanc said.
At the same time, the University of Texas Medical Branch — the oldest medical school in Texas and a major center of research on infectious diseases — will request $609 million to get the complex's six hospitals, medical school and various research centers up and running, Dr. Ben G. Raimer, a vice president of the school, said.

Thanks for being a wonderful son, big brother, and leader. Continue to work hard on your path to great success! All the best!
Love,
Mom. Dad. & Tony.

Matt Heffernan

Matthew:
To your friends you are "Matt", "Heff" or "Heffnasty". To us, you will always be "Baby", "Springhead" or "Matthew". When you were born, we had hopes and dreams that you would be a happy, healthy, responsible and decent human being. You have fulfilled our hopes and answered all our prayers. We have enjoyed watching you over the years grow into the incredible young man that you are today. To say we are proud is an understatement. Continue and hold fast to the path you are on. Be true to yourself, dream big and don't compromise.
We love you-
Mom, Dad & Hank.

Young woman, my daughter, my joy and my heart you've reached the end only to find a new start.

The world sees the young woman with her charm and her smile, but behind the woman, i will always see the child.

Hannah, 18 years ago, it was hard to imagine this day. What you have become has exceeded every dream we had for you. Of all your fine qualities, your kindness and compassion makes us proudest of all. You are loved beyond measure, we are so proud of you!

May god ground you always...

"I would like to take this opportunity to recognize Mrs. Tess Wearsch and her retirement. Mrs. Wearsch has been a life time resident and career teacher in Avon. She is dedicated to her students and an advocate for the environment as is evident through her involvement and commitment to the overseeing the high school recycling program. During her tenure, she has served as student advisor and National Honor Society advisor. She pioneered the AP Biology program and has developed the anatomy course. She has given countless hours to students outside the school day and is truly a school icon. Please join with me in recognizing and showing our appreciating in her commitment to Avon High School." Obama's grassroots organization and innovative Web campaign is credited with inspiring young and first-time voters to participate heavily in the election.

The values, fashion and personal vitality of the Obama family resonate with Americans. Public interest in the first family rivals that of the interest in the Kennedy family in the 1960s.
