It's About Time

Although students' activities are divided amongst classes, homework, after-school jobs, clubs, practices, and games, students still find time to carry on a social life. The events in this section provide a break from the everyday routine. Dances, lunchtime, and other school activities allow students to socialize with their classmates and create lasting memories. When these fun events come around each year, students can't help but to find themselves saying.....
"It's About Time!"

GATHERING A CROWD.
During a busy afternoon, these juniors (above) socialize and grab books for their next class. Some students find the four minutes to change periods hard to handle, but you can't tell by the smile on this group of girls.

A GROUP OF ROYALTY.

Homecoming 2001 2001 2001 Hollywood

As Homecoming weekend approached, the halls were filled with the sights and sounds of the events that would take place on the weekend of September 28th, 2001. After a parade to the Middle School, the homecoming court members were escorted by their parents down the field. After much anticipation, the 2001 King Scott Churchill and Queen Trish Moran were crowned. Excitement was in the air as the Varsity Football Team took the field against the Wellington Dukes. It was a great game, but we suffered a 7-3 loss. However, there was much more to follow before the weekend came to a close. Beginning at 8:00 p.m. guests arrived at the high school commons for the 2001 "Hollywood" Homecoming Dance. With the red carpet pulled out, an overflowing welcome, and music blasting from the speakers, the 2001 Homecoming Dance will be looked back on as an amazing evening even as the students of Avon move forward into their lives.

It's About Time

Clubs are a great way for students to get involved. Clubs plan and take part in many different activities including food drives, Stall Day, drama productions, the Eagles Nest, and Prom Promise. Clubs also provide students with the opportunity to develop their leadership and teamwork skills. By getting involved, you can also form new friendships and give something back to the school.

It's About Time

Student Athletes are more than just players on the field. Not only do they have to do their best on the field but they also have to perform in the classroom as well. Student Athletes spend countless hours praticing for the sport they love to play, and then spend even more time doing homework. It takes a dedicated person to be a student athlete. We salute all of our student athletes at AHS.

It's About Time

Tests, homework, study halls, teachers, finals, report cards, the occasional annoyance of a pop quiz, and the welcomed surprise of a free day; students face these events every school day. Classes make up the majority of students' time during the day and sometimes carry over into the night in the form of homework, reading, or a project. Students have to adjust to a new schedule and teachers each year but are rewarded with the skills to succeed in the future.

It's About Time

The students, teachers, and staff of Avon High is what makes everyone's school year more enjoyable. Without all the many different people, school would seem uneventful. Just by watching the interactions between classmates in the hallways, teachers in the classrooms, lunch workers in the commons, secretaries in the offices, and the rest of the staff, you can see the many different relationships that are formed throughout the year.
