Meeting Purpose

The purpose of this meeting is for the Dr. Martin Luther King, Jr., Task Force appointed by the City of Winter Park Commission to hear public input on potential naming opportunities within the City of Winter Park.

Suggested Naming Criteria

- ♦ The street, park or venue should have significant visibility.
- ♦ No street, park or venue already named after one of the founding or other prominent families should be renamed.
- ♦ If a street is selected, the number of businesses/residences that will have to incur the inconvenience and cost of an address change should be minimized.
- ♦ If a street is selected for renaming, it should either be the whole street or at least start at one end of the street.
