Winter Park fire lieutenant-paramedic **William "Rusty" Scala**, who has applied to become the city's fire chief, is venturing into television.

Scala will be the narrator-interviewer of *Extrication '86*, the third annual international automobile extrication competition and learning symposium held in Orlando in March.

The event was filmed, Scala did interviews, and it has been compiled into a 30-minute program to be broadcast on Cablevision of Central Florida's community access Channel 17, or Channel E, at 7:30 p.m. June 30.

Scala said 26 teams from fire departments throughout the United States and Canada competed during the three-day event at Sheraton-Twin Towers in Orlando. The only Central Florida representative was a team from Seminole County.

"It was a great learning experience and, in the future, I would like to see more teams from the area get in-

volved," said Scala.

■ During the past year, the Friends of the Winter Park Public Library donated \$24,550 to the library.

The amount was announced at the group's recent year-end meeting by president **John T. Brownlee Jr.** He said the group bought a second DIAL-A-STORY machine for \$700, another microfilm reader-printer for \$1,350, a \$1,600 book rack for the youth department, \$3,000 of microfiche for telephone book reference, and advanced \$5,000 toward this summer's publication of the history of the library.

The group also contributed \$800 to help pay for the library's exterior wall sign and designated \$12,100 in unrestricted funds.

The money represents profits from the group's used book sales held at the library each fall and spring.

Director **Wendy Breeden**, said the library is grateful to all the volunteers in the group. She said the money earned by the Friends helps give the

library a "margin of excellence."

Polly Seymour, who runs the used book sales, urges residents to contribute books, magazines and records for the October sale.

■ The 1986 Charlie Clark, Walter Fly, Tim Veltman Memorial Scholarship, established last year by the Winter Park High School class of 1964, has been awarded to **Charles Clark III**, the son of one of the men in whose honor the scholarship was established.

Clark's father was killed in action in the Vietnam War. Clark had a grade point average of 3.5 and his SAT scores totaled 1220. He also was chosen for *Who's Who Among American High School Students* and was an officer in the school's Interact Club.

He was active in football, basketball, baseball and soccer and was captain of the wrestling team, for which he placed fourth in the state championship.

He also received a Marine Corps ROTC Scholarship and an early appointment to Virginia Military Institute.

This year's award was a check for more than \$1,000, the 1985 calendar year's interest from the foundation.

In his application for the scholarship, Clark said: "The Memorial Scholarship will enable me to ... es-
