

Expressway Petitions Filed At City Hall

Reed Watts, city clerk, at left, received petitions containing over 1,000 names Tuesday asking for a referendum on the proposed route of the expressway through Winter Park. The petitions were presented by Mrs. Katy Brunstrom, president of the Realtors Board who sponsored the project, and Clare James, chairman of the Chamber of Commerce committee which investigated the route and recommended protest by the city. The 1,000 or more names represent the necessary percentage of registered voters to call a referendum.
