Observer, July 10, 1997,

Keep Winter Park Beautiful Awards

Ten businesses and one very special woman were presented with "Keep Winter Park Beautiful" Beautification Awards at 12:15 p.m. at the stage in Central Park during the "Old Fashioned July 4th Celebration."

Armed with a plastic bag and spiked stick made by a good friend, Lois Robertson makes her daily 1.3 mile walk picking up litter along both

sides of Glenridge. Because of a back problem Lois began walking more six years ago, and she did not like what she saw. "I can't save the world, but I sure got disgusted at the litter and decided to do something about it," said Robertson.

Keep Winter Park Beautiful applauded Robertson for her ongoing efforts.

Each year, Keep Winter Park Beautiful presents Beau-

tification Awards to Winter Park businesses for their overall contribution to the beauty of the city.

The following Winter Park businesses received beautification awards: Apenberry's Garden Shop; Chamberlain's Market & Cafe; East India Market; Fairbanks Veterinary Hospital; Keewin Winter Park Center; Law Office of W.F. Winderweedle, Jr.; North Park Avenue Office Condominium Complex; Solarte; The West End Grill; and Winter Park Commerce Center.
