■ CREALDE EXECUTIVE CENTER

SMOKE DAMAGE. A fire at an Aloma Avenue office building Monday caused damage estimated at \$8,000 before it was extinguished by Winter Park firefighters. Investigators are trying to determine what caused the fire in the sofa in a second-floor restroom of Crealde Executive Center, 2431 Aloma Ave., said Fire Department spokesman Chip Gaines. Smoke damaged the building's second floor. Firefighters put out the blaze with a hand-held extinguisher before the fire got out of control.
