

RED HUBER/THE ORLANDO SENTINEL

4 wheels and a canoe 9-14-95 *Orlando Sentinel*

When the canoeing is done, there's the matter of hauling the canoe home. The 4 wheels of a little red wagon solve the transportation problem on Wednes-

day for Philip Phillips, 39, of Winter Park. Phillips heads home after some canoeing on Lake Killarney, pulling his wheel-and-hull contraption across Killarney

Drive. In the wilderness, canoeists must often carry their canoes through woods from lake to lake. Phillips' wagon makes canoe-hauling easy in the city.
