Spring Cleanup 1998

Keep Winter Park Beautiful does its share

Jean Sprimont,
KWPB Executive
Director

As executive director of Keep Winter Park Beautiful, a volunteer committee whose mission includes litter control, recycling and beautification, I'd like to encourage the citizens of Winter Park to participate in "Winter Park Earth Day" April 18.

This event is part of the statewide "Great Florida Cleanup"

Plant A Tree for Earth Day

promotion which is being sponsored by Keep Winter Park Beautiful and Keep America Beautiful - an organization which has been educating the American public about litter and waste control for more than 40 years.

Working in conjunction with

the annual Winter Park Spring Cleanup, Keep Winter Park Beautiful is coordinating this grassroots effort to help spruce up

our city as we celebrate Earth Day on April 18.

Keep Winter Park Beautiful is coordinating volunteer efforts to pick up litter in our community, plant and weed in special areas and paint park benches and trash can holders in Central Park.

KWPB welcomes the newly formed City-wide neighborhood organization help in recruiting neighborhood associations to assist with the cleanup effort.

Always interested in encouraging city beautification, Keep

Make a difference on Earth Day

- ✓ **Participate in a litter cleanup**
- ✓ **Help with planting and weeding**
- ✓ **Paint benches and trash cans in Central Park**

For more information, call 599-3364.

Winter Park Beautiful supplies neighborhood associations and other interested individuals supplies including gloves, solutions and trash bags to assist in cleaning the city.

As we celebrate Earth Day on April 18, we will be joining forces with communities across the nation to help cleanup and improve our environment.

Please try to set aside a few hours of your time that day to help keep our community beautiful. For more information, call 599-3364.
