

### **Winter Park's Lake Osceola**

#### **'Tis a Privilege to Live in Central Florida**

*Mrs. Paul H. Griffin, 7621 Brockbank Dr.,  
Orlando*

*"The lakes are an endless source of pleasure and entertainment for boating, swimming, water skiing and fishing. For me, it is an enchanting place to take my children to spend a leisurely afternoon. There are always a few stagestruck ducks swimming around that perform a flapping, splashing good program for only a few grains of corn. With each performance my children's joy grows and bubbles until at last they burst into laughter."*
