

Professional Nursing Pledge

In the full knowledge of the responsibilities I am undertaking, I promise to care for my patients with all knowledge, skills, and understanding I possess, without regard to race, color, creed, political or social status, sparing no effort to conserve life, to alleviate suffering and to promote health.

I will respect at all times the dignity and religious beliefs of the patients under my care and hold in professional confidence all personal information entrusted to me. I will refrain from any action which might endanger the quality of life or of health. I will endeavor to keep my professional knowledge and skills at the highest level and give my support and cooperation to all members of the health care team.

With full awareness of my qualifications and limitations, I will do my utmost to maximize the potential of the nursing profession and to uphold and advance its standards.
