

ordyX-YOUR PARTNER

Reliable service and accurate information is essential in today's competitive restaurant environment.

The Ordyx model is based on continuously working with our customers as partners to ensure the long term success of their establishment.

ACCESSIBILITY

You no longer have to be tied down to your establishment. When using Ordyx you are able to securely monitor and manage your restaurant from anywhere, anytime.

COST OF OWNERSHIP

With a low initial investment, no upgrade fees, ease of use, reliability, and predefined/low monthly service fees, Ordyx provides an overall lower cost of owning a POS than traditional POS companies.

PREVENTION

Ordyx is a proactive service. If Ordyx detects any potential issues at your establishment, technical staff will contact you or your managers and prevent issues before they occur.

UPGRADES

Ordyx is continuously upgrading its service based on customer suggestions as well as innovative ideas from the Ordyx Research & Development team. We encourage and welcome your feedback to improve Ordyx and make your establishment's operations more and more efficient.

RELIABILITY

Technical support is available 24 x 7 x 365. Whenever you need assistance, Ordyx will be a phone call away.

ordyX POS

Simple. Secure. Online. Affordable.

ordyx^X-WHAT IS IT?

Ordyx is the latest generation in Point of Sale (POS) solutions. Incorporating innovative processes and the latest technologies available, Ordyx provides establishments with a POS that is:

1+2+3

SIMPLE

Ordyx focuses on simplicity and ease of use. Busy establishments with a high turnover of employees need to be able to quickly train new staff. With Ordyx a new waiter or cashier can be trained and working within minutes.

SECURE

Security and Reliability are a key part of the Ordyx service. Ordyx uses security similar to that used by your major banks. If the restaurant loses its Internet connection, the Ordyx software will automatically store your order information and seamlessly synchronize when the Internet is reconnected.

ONLINE

Anywhere, anytime you can securely connect to Ordyx and monitor your establishment's operations. From your PC or Phone, at home or on the road, simply open your Internet browser and login to Ordyx.com to stay connected with your restaurant.

AFFORDABLE

Ordyx is available and affordable for all. Whether you need quick service functionality for your coffee shop, table management for your restaurant, or Enterprise functionality for your multi-store operations, Ordyx is your POS partner.
